1. The natural environment
2. Fishing yesterday and today
3. Reed and net production
4. Isola Maggiore
5. The Sant'Arcangelo Ichthyology Center
6. The Fishing Museum
7. The way we were

45 minutes of images, original music, and comments to understand Lake Trasimeno and its surrounding territory. This DVD opens with a description of the environment frame of the lake, followed by a narration of professional fishing in different seasons, reed manufacturing, and characteristics of the lake's two major islands. All this, within the extraordinary landscape of green Umbria.
